There was a funeral a few weeks ago in Vienna, Austria. Two small black urns were buried containing the brains and a few remains of 4-year old Annemarie Danner and 18-month old Gerhard Zeketner. During World War II these were two of the more than 600 children the Nazis proclaimed "worthless lives." These children were taken to Vienna's Am Stein Hospital to be murdered and their bodies used for medical research.

The Nazi-Armenian Genocide Of Jews 1935-1945

There was a funeral a few weeks ago in Vienna, Austria. Two small black urns were buried containing the brains and a few remains of 4-year old Annemarie Danner and 18-month old Gerhard Zeketner. During World War II these were two of the more than 600 children the Nazis proclaimed "worthless lives." These children were taken to Vienna's Am Stein Hospital to be murdered and their bodies used for medical research.

Between 1935 and 1945, in the name of medical science and research, the Nazis murdered more than 75,000 individuals, including 5,000 children across Europe, in their quest to create a racial/ethnic pure state. These acts of terror and cruelty were in addition to what the Nazis did at their many death camps where Jews were exterminated.

The term "genocide" was invented and created in 1944 to describe all the many different acts of murder the Nazis used in their attempt to exterminate the entire Jewish race. Annemarie Danner and Gerhard Zeketner are but two of the individual lives the Nazis stamped out. Armenians today are attempting to "steal" the term genocide by making the fake claim that the Turks massacred 1.5 million of their people in 1915. The undisputed hard evidence is that this tall tale was nothing more than the figment of the imagination of a high priest of the one and

only state Armenian church. The priest's motive for making up and telling this horrible lie was his attempt to get a foreign government to come and help the Armenians obtain someone else's homes and land for free. This great lie is the foundation upon which the Armenian government has established its multi billion dollar fake "genocide industry." The Armenians have been operating on this great lie since 1918. Armenia operates their "genocide industry" with great success in today's world even if they do operate on fraud and deceit.

The truth is the Ottoman Turks did only one thing which had good cause for doing so, but gave the Armenians a chance to claim that there was a massacre going on. That single act was to ask the Armenian Church to help them stop their congregations' nightly terrorist acts against the Ottoman military supply lines. The Russians had invaded the Ottoman Empire and the Armenians in the eastern part of the country had joined the Russians. The Armenian Church refused to help the Ottoman government and state officials responded by saying they would themselves have to remove all Armenians from behind their army lines.

DRO's 20,000 Armenian-Nazis

Thereafter, the Ottoman government did remove all the Armenians who were doing such harm to their military forces. The United States of America has done exactly the same thing during World War II. Several Americans are known to have seen Armenians being alive and leaving the combat zone even though the Armenian church claims they were all murdered.

At no time did the Ottoman Turks exterminate children for medical research as the Nazis did between 1935--1945. What makes such acts of Nazi terrorism worse is the fact they did not act alone in their attempts to create an ethnic/racial pure state. Consider the fact that more than 100,000 Armenians volunteered for Nazi military service and took an active part in the Nazi ethnic/racial cleansing campaigns. For ten long years Armenians took part in exterminating not only Jews but also children such as Annemarie Danner and Gerhard Zeketner.

During World War II Armenians learned well the art of racial/ethnic cleansing from their Nazi partners in crime. Today, Armenia has ethnically/racially cleansed their tiny state so successfully that 94.8% of their population is now ethnically pure Armenian. The Armenians have ethnically/racially cleansed their tiny state of what they consider their "undesirables" much like they helped the Nazis do between 1935/1945. Jews, Muslims, and Christians of other faiths other than the state owned and approved church have either been murdered or forced out of Armenia.

Consider the fact of how Armenia today continues to honor the Nazis. The Armenian Nazi General Dro commanded the 20,000 Armenian-Nazi 812th Battalion during World War II. After the war, even though serving the Nazis, Armenian Dro talked his way into the United States of America where he remained until his death. Just last year Armenians dug him up and took his body back to Armenia where he was reburied with full military and state honors. The Armenian American colony raised several hundred thousand dollars to help fund a youth leadership institute to honor this Armenian Nazi general. Just what specific leadership is Armenian children being taught today in the General Dro leadership institute--hate, ethnic purity of the Armenian race, racial superiority?

And to think the Armenians, still running their "genocide industry" scam are building their very own genocide memorial two blocks from the American White House. There are less than one million Armenians even in the United States. Why should they spend \$75 million dollars on a false claim to something that is disputed that happened 6000 miles away more than 85 years ago. The answer is simple. The Armenian American colony will use this self-invented, fake memorial to deceive and fleece even more American taxpayer dollars for their less than 200 year old homeland the Russians gave them after taking these lands from the Muslim owners. This Armenian genocide memorial will become one of the greatest and largest frauds ever attempted in the history of the entire world. Can anyone believe that Armenians, who took a very active role in the Jewish genocide of World War II, can build such a fake memorial to themselves today for the sole purpose of deceiving and fleecing American Christian taxpayers out of more and more foreign aid money that over the past ten years alone amounts to almost \$1.5 billion dollars!

It is fair to ask since the Armenians were ten year partners in crime with the Nazis during the World War II years--will they have a memorial to Annemarie and Gerhard and all the other poor souls the Armenians helped the Nazis murder and exterminate?
